

DISPENSA 90° –
storage for easy access.

Huge storage **capacity**
and a clear **overview**.

Each tray or basket can be individually hung at a height to suit the contents, making DISPENSA 90° a flexible solution providing a lot of storage with a very small footprint. The entire height and width of the unit can be fully utilised. It makes best use of available space, and supports good organisation and fast access. All the contents, even on the topmost shelf, are in clear view – from either side!

See-through sides
for a clear view at all levels

Set combinations of frames and runner systems

Inside cabinet height for each runner system

Frames	Art. no.	VVSx and Vx
Frame, fixed height Front panel struts		
Frame, height adjustable Frontstrips	05 4383 00 4217	1900-2300 mm
Set 4 (frame + front struts)	23 2222	

Front brackets DISPENSA-x
(2 pcs)

	Dimensions (mm)	Art. no.
for cabinet width:	width	
	300 mm	05 4366
	450 mm	05 4368

The top of the frame is positioned at the top of the front panel

The bottom is slid into place and - click!

The runner is snapped onto the frame - click! Then the whole fitting is pushed into the cabinet. Done!

Fast assembly.

A couple of clicks do the trick.

Fast adjustment.
No special tools required.

Just a standard PZ2 screwdriver and two setting screws – at the top and bottom of the frame – simplify fine adjustment.

Turning the screws has an immediately visible effect. This makes adjustment quicker and easier – and also much more precise. And all it takes is a screwdriver!
