

**No.15 – base unit pull-out** –  
makes great use of narrow gaps.

## no.15 – Ultra-slim pull-out with ClickFixx. Now with 3D front adjustment!

**Two interface** options for the 3D-X No.15 pull-out make for easy integration in any production process. The fitting can now either be clipped onto the runner without tools or connected using a front panel connector.

3D front adjustment makes adjustment ultra-simple.

### Product features

- ClickFixx clip-on connection for fitting and runner or fitting and front panel.
- Toolless 3D front adjustment
- Can be installed with or without front panel, SoftStopp Plus with self-closing
- Available for the 90° version of towel rail, baking tray holder and 2-tray No.15 pull-out.

Front panel connector

Top front connector  
for 2-tray pull-out

Side adjustment

Tilt adjustment

Height adjustment

## Toolless 3D front adjustment

Height and tilt are adjusted on the bottom front connector. The top front connector with its 'floating' bearing automatically keeps the connectors parallel when bottom connector height is changed.

Bottom front connector  
for 2-tray fitting and for towel rail  
and baking tray pull-out.
